

FlexPackPRO[®] TTO FOR CANDY

NO MORE LABELS - PRINT DIRECTLY ON BAGS & POUCHES

PERFECT FOR STANDUP POUCHES,

Still pre-printing labels and hand-applying them to bags and pouches? Eliminate the time and cost – not to mention fear of contamination – by printing **directly onto bags** with a custom Table-Top Thermal Transfer Overprinting system from FlexPackPRO[®].

FORM, FILL, SEAL INTEGRATION,

Mount a rugged, reliable FlexPackPRO[®] TTO printer to your filling machine. With brackets engineered to fit virtually any model, you can print press-quality barcodes, date codes, text, logos and graphics onto any flexible packaging film.

BAGGERS, FLOW-WRAPPERS & MORE!

With TTO printing solutions for all VFFS machines, flow wrappers, multi-lane thermoformers and tray sealers, FlexPackPRO[®] is the Candy Industry partner you can trust. **Backed by the industry's best warranty.**

NOBODY KNOWS TTO LIKE FlexPackPRO®

BETTER-BUILT PRINTERS

- Aircraft Grade Aluminum & Stainless Steel Parts
- World-Class Festo® Pneumatics and High Resolution Kyocera® Printheads
- Rugged, Stainless Steel Color Touchscreen Controllers with 5,000-file Memory
- Advanced Ribbon Saver Features
- Low-Pressure Printhead Assembly for Longer Printhead Life

BACKED BY THE INDUSTRY'S BEST WARRANTY

With arguably the lowest rate of service events and downtime among all leading TTO brands, FlexPackPRO® offers an unmatched 18-month term of protection against defects in materials and workmanship.

CODING MADE EASY

ProCode™ Professional is our user-friendly, full-featured coding design software, included free with every FlexPackPRO® system. Use independently, or interface with databases and other label design programs.
